## Summary

---

I am a web developer and problem solver who has a passion for software development. And would like to join a team of like-minded developers. I build great solutions from easy to complex ones. And I have a keen interest in teaching web development

## Skills

---

PHP • JavaScript • SQL • MVC • Bootstrap • jQuery • Laravel • Payment gateway

## Work Experience

---

### Back end developer freelancer

Jan 2021 – Dec 2021 • 11 mos

Freelancing • Freelance

Remote

**Technologies:** PHP • MySQL • Laravel • JavaScript

I started freelancing at the beginning of 2021. I started with simple things like editing websites for customer with PHP and MySQL up to using technologies like Laravel and so on

## Projects

---

### Laravel Job Portal

May 2020 – May 2021 • 1 yr

**Technologies:** Laravel • MySQL • JavaScript • Bootstrap

I used PHP Laravel, MySQL, Bootstrap, and Javascript to create this complete job portal website from scratch

### PHP Food Ordering System

Nov 2022 – Nov 2022 •

**Technologies:** PHP 7 • MySQL • Paypal • Bootstrap

I built this web app with native PHP, MySQL, and Paypal Payment. It was a cool and extensive experience and I integrated a simple admin panel to track sales

### PHP Blog with MySQL

Sep 2022 – Sep 2022 •

**Technologies:** PHP • MySQL • Bootstrap • JavaScript

I created this web app with the help of PHP, MySQL, Bootstrap, and PDO in a very short time. It was a good experience building everything from scratch. I build authentication system, category system, posting system, comments system and so much more

### My Courses on Udemy

Jun 2020 – present

**Technologies:** PHP • MySQL • Bootstrap • Ajax • jQuery

I like to make videos so I thought it will be a good idea to create courses about my knowledge of programming. So I started developing material about PHP, MySQL, Bootstrap and so much more.

### PHP Laravel Ecommerce

Jun 2022 – Jul 2022 • 1 mo

**Technologies:** PHP • Laravel • MySQL • Bootstrap

I built this project in a very short time. It was quite a good experience. I used Laravel as a framework and MySQL as a database

### **PHP Laravel URL Shortener**

Aug 2022 – Aug 2022 •

**Technologies:** Laravel • MySQL • Bootstrap

That's a very simple project, but it was very interesting to make

### **PHP MVC Framework**

Mar 2022 – Mar 2022 •

**Technologies:** PHP • MVC • Bootstrap • MySQL

I followed a course to create this project. It was all in PHP OOP

### **PHP Simple Shopping Cart with Stripe**

Aug 2020 – Aug 2020 •

**Technologies:** PHP • Stripe • Bootstrap • MySQL

A very simple project built on a MVC PHP open source framework

### **PHP with MySQL Travel and Tours Booking System**

Mar 2023 – Mar 2023 •

**Technologies:** PHP • MySQL • Paypal • Bootstrap

I used Paypal with PHP and MySQL to create this booking system and it was complicated at first but fun

### **PHP OOP Restaurant Management System**

Mar 2023 – Mar 2023 •

**Technologies:** OOP (Object-Oriented Programming) • MySQL • Payment gateway • PHP

I used OOP PHP with MySQL and Paypal Payment to build this massive project. It was very interesting and challenging

## **Educations**

---

### **Bachelor's degree: Accounting**

Sep 2017 – Jun 2022 • 4 yrs 9 mos

Beni Suef University

Beni Suef, Egypt

## **Languages**

---

**Arabic** (Native or bilingual proficiency)

**English** (Professional working proficiency)
