Remote

Technologies: PHP • MySQL • Laravel • JavaScript

I started freelancing at the begening of 2021. I started with simple things like editing websites for customer with PHP and MySQL up to using technolgies like Laravel and so on

Projects

Laravel Job Portal
May 2020 – May 2021 • 1 yr

Technologies: Laravel • MySQL • JavaScript • Bootstrap

I used PHP Laravel, MySQL, Bootstrap, and Javascript to create this complete job portal website from scratch

PHP Laravel ecommerce website
Apr 2022 – May 2022 • 1 mo

Technologies: Laravel • PHP • MySQL • JavaScript • Bootstrap

I used Laravel to build this e-commerce website from scratch. It was a really good experience integrating the different parts of this web app together.

PHP food ordering system
Nov 2022 – Nov 2022 •

Technologies: PHP 7 • MySQL • Paypal • Bootstrap

I built this web app with native PHP, MySQL, and Paypal Payment. It was a cool and extensive experience and I integrated a simple admin panel to track sales

PHP blog with MySQL
Sep 2022 – Sep 2022 •

Technologies: PHP • MySQL • Bootstrap • JavaScript

I created this web app with the help of PHP, MySQL, Bootstrap, and PDO in a very short time. It was a good experience building everything from scratch. I build authentication system, category system, posting system, comments system and so much more
